

## Hints from the Model Garage

**Shoe Bag Stores Toys.** Before starting out on a long trip with a child, fasten a shoe bag to the back of the front seat. You can then stow toys, fruit, cookies, tissues, and other travel needs in the pockets. Besides keeping the inside of the car tidy, it saves packing and unpacking a suitcase en route.

**Eraser Cleans Windshield.** George A. Smith, of Quarryville, Pa., suggests that a clean blackboard eraser is a handy item to carry in your glove compartment. When moisture collects on the inside of the windshield, a few strokes with the eraser will quickly give you unobstructed vision.

**Cigarettes at Your Fingertips.** Here's how Claude Wiseman, Jr., of Elizabethtown, Ky., mounted an aluminum pocket cigarette case on the radio grille of his car. A clip, bent from fairly heavy sheet steel, was riveted to one side of the body of the box and the cover notched to slip down over the clip. The clip is snapped between the grille bars. For a grille with vertical bars, the clip could be rotated 90 deg.

**Pig Rings Fasten Seat Cover.** There are many ways that you might attach seat covers to keep them from wrinkling, but C. F. Bigwood, of Malta, Mont., comes up with one that looks especially convenient for motorists who live in rural areas. He recommends the use of pig rings to clip the cover to the springs. With a pair of hog pliers, a handful of rings can be quickly locked in place around the edge of the cover.
